ACCESS AND VISITATION

**Access to Visitation Grant Program
Statewide Office of Family Court Services**www.courtinfo.ca.gov/courtadmin/aoc/fcs

California's Access to Visitation Grant Program is currently beginning its third year of operation. The goal of the Access to Visitation Grant Program is to increase non-residential parent's access to their children, to improve the quality of parent/child relationships, and to expand the scope and availability of support services to families with children who are now or have been in family courts. During the first year of funding (1997-98), the program delivered services to over 2,000 people. Thirty-eight counties received approximately \$2 million in federal funds. Many of these programs involved multiple courts, counties and community.

California is one of the states to receive funding for the Access Grant Program. Funding to all states for Non-Custodial Access and Visitation Programs is provided by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Pub. L. 104-193, 110 Stat. 2258), Title III, Subtitle I—Enhancing Responsibility and Opportunity for Non-residential Parents, section 469B of the Social Security Act. State funds are based on the number of single-parent households. California has the largest number of single heads of household in the United States, and therefore receives the largest portion of these funds.

The California Department of Social Services (CDSS) applied for and received these grant moneys, (Family Code Section 10101). The Access to Visitation Grant Program receives direction from an advisory group composed of representatives from the Judicial Council's Family Law Advisory Committee, the legislature, public agencies, the Administrative Office of the Courts, the Family Law Bar, and special interest groups. The Statewide Office of Family Court Services has had the primary responsibility of administering and publicizing this Program.

The main areas of focus for the grant program are: Parent Education, Group Counseling, and Supervised Visitation and Neutral Drop Off and Exchange Services.

CALIFORNIA WORKFORCE INVESTMENT ACT FACT SHEET

The **Workforce Investment Act of 1998** provides the framework for a national workforce preparation and employment system designed to meet both the needs of the nation's businesses *and* the needs of job seekers and those who want to further their careers. Title I of the legislation is based on the following elements:

- Training and employment programs must be designed and managed at the local level where the needs of businesses and individuals are best understood.
- Customers must be able to conveniently access the employment, education, training, and information services they need at a single location in their neighborhoods.
- Customers should have choices in deciding the training program that best fits their needs and the organizations that will provide that service. They should have control over their own career development.
- Customers have a right to information about how well training providers succeed in preparing people for jobs. Training providers will provide information on their success rates.
- Businesses will provide information, leadership, and play an active role in ensuring that the system prepares people for current and future jobs.

The Act builds on the most successful elements of previous Federal legislation. Just as important, its key components are based on local and State input and extensive research and evaluation studies of successful training and employment innovations over the past decade.

There are 50 Workforce Investment Boards (WIBs) in California. Local WIBs, in partnership with local elected officials, plan and oversee workforce development system in their workforce investment area. Local boards designate "One-Stop" operators and identify providers of training services, monitor system performance against established performance measures, negotiate local performance measures with the state board and the Governor, and help develop the labor market information system.

Each WIB oversees agencies and organizations that administer WIA and other federal and state workforce development programs. These organizations work with various aspects of local government and community based organizations to provide training, education and employment services to youth and adults.

In addition to oversight of WIA funds, each WIB also has the responsibility for the oversight and administration of federally-funded Welfare-to-Work dollars.

In California, there are 14 workforce investment areas comprised of cities or consortia of cities; the remainder are comprised of counties or consortia of counties. In some cases, the WIB administrative agency is a city or county agency, and in others, it is a private non-profit. A list of the Workforce Investment Boards and contacts is enclosed.

Over the past several years, California has made significant investments in and progress toward developing a statewide One-Stop Career Center system. This system, known as California WorkNet, strongly supports the integration of education, job training, and employment programs, services, and information to ensure they are delivered in a manner that is integrated, comprehensive, customer focused, and performance-based to meet economic and workforce preparation needs.

This site provides information on the One-Stop Career System in California and the nation.

**Office of Child Support
Enforcement (OCSE)
Information Memorandum**

US Department of
Health and Human Services
Administration for Children
and Families
Washington, DC 20447

Memorandum No. IM-00-05

Date: May 8, 2000

TO: STATE AGENCIES ADMINISTERING CHILD SUPPORT ENFORCEMENT PLANS UNDER TITLE IV-D OF THE SOCIAL SECURITY ACT AND OTHER INTERESTED INDIVIDUALS.

SUBJECT: Joint Guidance on Strategies to Enhance the Recruitment, Referral, Eligibility Determination, and Service Provision Processes Between Welfare-to-Work (WtW), Temporary Assistance for Needy Families (TANF), and Child Support Enforcement (CSE) Agencies.

REFERENCES: Title IV-A and Title IV-D of the Social Security Act (SSA); see especially Sections 403(a)(5)(A)(ii)(I)(ff), 403(a)(5)(K), and 454A(f)(5); Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Pub. L. 104-193); Balanced Budget Act of 1997 (Pub. L. 105-33) amending Title IV-A of the SSA; Child Support Performance and Incentive Act of 1998 (Pub. L. 105-200); 20 CFR Part 645, WtW Interim Final Rule (published at 62 Fed. Reg. 61588 (Nov. 18, 1997)); 45 CFR Part 260-265, TANF Final Rule (published at 64 Fed. Reg. 17719 (April 12, 1999)); Title VIII of H.R. 3424, enacted as part of the Consolidated Appropriations Act for FY 2000 (Pub. L. 106-113), which contains the "Welfare to Work and Child Support Amendments of 1999" ("the 1999 Amendments"); Workforce Investment Act of 1998 (Pub. L. 105-220).

PURPOSE: To transmit guidance developed jointly by the Departments of Health and Human Services (HHS) and Labor (DOL). This guidance addresses challenges encountered by Welfare-to-Work (WtW), Temporary Assistance for Needy Families (TANF), and Child Support Enforcement (CSE) agencies in the provision of services to WtW participants, and seeks to assist States and local communities to improve WtW program operations and enhance inter-agency collaboration.

BACKGROUND: Throughout the late spring and summer of 1999, Regional Office staff of the DOL-Employment and Training Administration (ETA) planned and facilitated WtW-TANF referral conferences in partnership with their counterparts at HHS-Administration for Children and Families (ACF). These conferences were held to identify specific challenges encountered by State and local WtW and TANF staff with regard to the recruitment, referral, eligibility determination, and service provision functions for WtW eligible individuals and participants. Regions provided conference reports to the DOL-ETA National Office, and the reports were used to develop this guidance. This guidance contains the most frequently identified challenges and the most innovative and feasible strategies for the improvement of program operations described in the conference reports. Additionally, this guidance addresses changes and issues that arose as a result of the 1999 Amendments, which were enacted on November 29, 1999.

This guidance was developed jointly by the Department of Labor-ETA and HHS-ACF, and is being issued simultaneously to the WtW, TANF, child support, and workforce development systems. The guidance focuses upon two major subject areas: (1) recruitment, referral, and eligibility determination for TANF recipients in WtW programs; and (2) recruitment, enrollment, and confidentiality issues for noncustodial parents in WtW programs. The "Operational Suggestions" sections in each subject area include functional steps and methods for improving inter-agency program operation and performance. These suggestions come largely from conference reports, with additional input from DOL-ETA and HHS-ACF staff. "Policy Guidance" sections clarify and reinforce existing statutory and regulatory mechanisms, including changes incorporated in the 1999 Amendments, intended to enhance and improve the ability of the three systems to work together efficiently and effectively.

ACTION: Please distribute the joint guidance to all State and local staff involved in the provision of services to WtW participants, welfare recipients, and noncustodial parents.

INQUIRIES: Inquiries from WtW grantees should be addressed to grantees' Grant Officer Technical Representatives (GOTR), or to the appropriate TANF or CSE Regional Office contacts. Regional Office contacts are located on the Internet at the following locations:

☐ Employment and Training Administration, Division of Welfare-to-Work (WTW,DOL) <http://wtw.doleta.gov/resources/regcon.htm>

- ☐ Administration for Children and Families, Office of Family Assistance (TANF, HHS) <http://acf.dhhs.gov/orgs/regions.htm>
- ☐ Administration for Children and Families, Office of Child Support Enforcement (OCSE, HHS) <http://www.acf.dhhs.gov/orgs/regions.htm>

ATTACHMENT: Joint guidance from the Department of Labor-ETA and HHS-ACF on Strategies to Enhance the Recruitment, Referral, Eligibility Determination, and Service Provision Processes Between WtW, TANF, and CSE.

**Strategies to Enhance the Recruitment, Referral,
Eligibility Determination, and Service Provision Processes
Between Welfare-to-Work, Temporary Assistance for Needy Families,
and Child Support Enforcement Entities**

I. Background

Throughout the late spring and summer of 1999, U.S. Department of Labor-Employment and Training Administration (DOL-ETA) Welfare-to-Work (WtW) teams planned and facilitated Regional WtW -Temporary Assistance for Needy Families (TANF) referral conferences in conjunction with their counterparts at U.S. Department of Health and Human Services-Administration for Children and Families (HHS-ACF). The first purpose of these conferences was to identify specific challenges encountered by WtW and TANF program operators with regard to recruitment, referral, eligibility determination, and service provision functions for WtW participants. The second purpose of these conferences was to propose potential solutions to these challenges and provide policy guidance to facilitate successful program operation.

Regions who hosted referral conferences provided conference notes which were used to develop a matrix of all identified issues and solutions. The most dominant issues and the most viable solutions were targeted in the development of this guidance. ETA staff consulted further with TANF and CSE experts at HHS-ACF to develop additional solutions and strategies. ETA staff also solicited the input of other ETA Workforce Investment Act (WIA) and One-Stop staff to provide information on the partnerships required and suggested by WIA for WtW and TANF programs to coordinate at the local level through the One-Stop service delivery system.

This guidance will describe these significant challenges and the creative and useful solutions that came out of the conferences, in the sections titled "Operational Suggestions." *Please note that all operational suggestions are subject to the programmatic, fiscal, and administrative parameters and requirements governing the programs involved.* In addition, this guidance will clarify certain areas of policy in an effort to improve program operation and enhance inter-agency collaboration, in the "Policy Guidance" sections.

II. Identified Issues and Strategies

A. Recruitment, Referral, & Eligibility Determination for TANF Recipients

Conference reports identified a number of challenges in the areas of recruitment, referral, and eligibility verification for potential WtW participants. The most prominent theme was that WtW program operators are not receiving referrals of WtW-eligible TANF recipients from TANF agencies. Another challenge frequently mentioned was the difficulty WtW entities have in verifying TANF recipients' eligibility characteristics. Confidentiality and disclosure issues were cited as subsets of the overall eligibility verification concern. The lack of shared referral and

eligibility forms, absence of simplified eligibility verification via phone and/or fax, and insufficient computer connectivity and technology were all identified as problems. WtW program operators noted that, in many cases, TANF recipients may be sanctioned for noncompliance related to substance abuse or other factors which could be addressed by WtW service providers. The result is that these individuals are no longer eligible for WtW after losing their TANF assistance due to sanction. Conference participants from TANF agencies cited their already-heavy workloads, as well as current TANF-focused work priorities, as factors that make consistent involvement with and attention to WtW referral and eligibility determination efforts difficult. The relatively small scope of WtW funding (\$3 billion over two fiscal years) as compared to that of TANF funding (\$131.2 billion over eight fiscal years) was also named as a challenge to establishing recruitment, referral, and eligibility determination processes. Lastly, WtW competitive and formula grantees indicated that there is frequently competition for clients between the two types of WtW grantees. Several reports indicated that WtW formula grantees frequently have more established working relationships with TANF entities than do WtW competitive grantees; this was perceived as a challenge to competitive grantees receiving referrals and eligibility determination services for TANF recipients from the TANF entities.

OPERATIONAL SUGGESTIONS:

1. As appropriate, TANF and WtW entities may utilize public relations tools such as public service announcements, information posters on public transportation, television and radio advertisements, etc. to increase public knowledge of WtW programs serving welfare recipients.
2. Staff at all levels of TANF and WtW programs may engage in and support collaborative efforts between the programs.
3. TANF and WtW agencies may establish agreements outlining the responsibilities of each party with regard to referral and information-sharing processes. Under WIA, these agreements, or Memoranda of Understanding (MOUs), are negotiated between partners in the One-Stop system, and can be effective tools for improving recruitment, referral, and information-sharing efforts.
4. To ensure that TANF recipients receive appropriate WtW services, TANF agencies may provide WtW entities with lists of recipients who will soon exhaust their TANF eligibility or who otherwise appear to be eligible for enrollment in WtW.
5. WtW grantees may explore opportunities to use WtW funds to support outstationed WtW staff to do recruitment, referral, and eligibility determination at TANF offices and/or WIA One-Stop centers, and/or vice versa.
6. To minimize burden upon TANF and WtW entities and their potential participants, TANF and WtW entities may develop protocols for joint assessment and eligibility

determination processes for applicants. These joint activities could be delineated in the context of the WIA MOU, in keeping with WIA goals for universal eligibility determination across many programs.

7. TANF entities may provide local WtW program operators with read-only computer access to TANF recipients' eligibility characteristics information for the purposes of streamlining the referral and eligibility determination processes.

8. To avoid unnecessary sanctions, TANF agencies may screen TANF recipients for substance abuse and other employment barriers and refer to WtW programs as appropriate, using WtW services as preventative interventions prior to sanction, if possible.

9. TANF and WtW entities, along with other social service agencies and organizations, may form inter-agency advisory committees at State and local levels to develop recruitment, referral, and eligibility determination policy; meet regularly; and oversee interagency collaboration and service delivery. Front-line staff from all programs may be involved in the design and delivery of programs and services, and participate in regular inter-agency front-line staff meetings. This strategy may be best accomplished through coordination with the State and local Workforce Boards instituted by WIA, as WtW representatives are required on the boards, and TANF representatives are optional partners on the boards.

10. TANF and WtW entities may link to State and local WtW and TANF web sites, as well as State and local WIA and/or One-Stop web sites, to facilitate programmatic information-sharing.

11. TANF, WtW, and WIA One-Stop entities may conduct joint staff planning and joint program training.

12. TANF and WtW agencies may work together effectively to improve the referral and eligibility determination process, with particular attention to involving WtW competitive grantees in referral and eligibility efforts.

POLICY GUIDANCE:

1. DOL-ETA and HHS-ACF are committed at all levels to the successful implementation and operation of the WtW program. WtW and TANF agencies are expected to collaborate to improve the recruitment and referral of WtW-eligible individuals to WtW programs. The success of welfare reform and WtW efforts is dependent upon agencies' referrals of eligible participants to these projects. TANF agencies should be aware that TANF recipients' participation in WtW activities can potentially prevent TANF sanctions and positively impact TANF work participation rates. State and local TANF and WtW

agencies should work together to provide lists of potentially eligible individuals to WtW programs; implement simplified phone and fax referrals and joint eligibility determination procedures; dedicate staff time or outstation staff for recruitment, referral, and eligibility determination efforts; and participate in joint planning, training, and policy development for welfare reform and WtW efforts. Similarly, WtW and TANF agencies should be aware that recruitment and referral of WtW-eligible TANF recipients can be greatly enhanced through collaboration with One-Stop centers.

2. Confidentiality and disclosure issues: Under the SSA at Section 402(a)(1)(A)(iv), State TANF agencies may share certain information about TANF recipients with PICs and WIA local boards, the successor entities of PICs, administering WtW programs, and with WtW competitive grantees, unless otherwise stipulated in State law. This section of the SSA provides that the State's TANF plan must outline how the State intends to take such reasonable steps as the State deems necessary to restrict the use and disclosure of information about individuals and families receiving TANF assistance. This provision provides that the State must outline how it intends to safeguard use and disclosure of information. It does not, however, preclude the TANF agency from sharing certain information with WtW grantees so that these grantees can determine the WtW eligibility of TANF recipients.

3. In an effort to reduce the stated competition between WtW formula and competitive grantees for eligible participants, all WtW grantees are reminded of the requirements at 645.500(b) of the WtW Interim Final Rule. Competitive grant applicants other than Private Industry Councils (PICs) or political subdivisions of the State were required to submit their grant application "in conjunction with" the applicable PIC(s) or political subdivision(s) included in the geographic area in which the applicant proposed to operate. The submission of a competitive grant application by an entity other than a PIC or political subdivision "in conjunction with" the applicable PIC(s) or political subdivision(s) indicated that the application included a certification signed by both the applicant and the applicable PIC(s) or political subdivision(s) (or a certification indicating that the applicant attempted to consult with the PIC[s] or political subdivision[s]). This signed certification declared that the applicant had consulted with the applicable PIC(s) or political subdivision(s) during the development of the application, and that the activities proposed in the application were consistent with, and would be coordinated with, the WtW efforts of the PIC(s) or political subdivision(s). WtW formula and competitive grantees, therefore, have a mutual responsibility to uphold their certifications to coordinate their WtW efforts.

B. Noncustodial Parent (NCP) Recruitment, Enrollment, and Confidentiality Issues

Regional conference reports identified several challenges regarding the recruitment and referral of NCPs. Particular challenges raised included insufficient communication between WtW and

IV-D¹ staff regarding WtW-eligible NCPs; lack of information on NCPs who live in different states from their children; and the income withholding methods, such as wage garnishing, used with NCPs who have significant child support arrears, which can discourage the participation of NCPs in WtW programs.

OPERATIONAL SUGGESTIONS:

1. WtW grantees may outstation WtW staff at IV-D offices, and/or use WtW funds to support a WtW recruitment and referral liaison at these offices, in order to increase recruitment and referral of NCPs to WtW programs.
2. As appropriate, IV-D and WtW entities may utilize public relations tools such as public service announcements, information posters on public transportation, television and radio advertisements, etc. to increase NCP interest and participation in WtW programs.
3. IV-D and WtW agencies may establish agreements outlining the responsibilities of each party with regard to referral and information-sharing processes. Title VIII of H.R. 3424, enacted as part of the Consolidated Appropriations Act for Fiscal Year (FY) 2000, contains the "Welfare to Work and Child Support Amendments of 1999" (the 1999 Amendments). The 1999 Amendments allow State IV-D agencies to share specified information on potentially-eligible NCPs with WtW grantees who are PICs and WIA local boards, the successor entities of PICs. Please see the Policy Guidance section which follows for additional information related to information-sharing.
4. IV-D and WtW agencies may link State and local WtW and IV-D web sites to facilitate programmatic information-sharing.
5. As appropriate, IV-D entities may outreach to WtW-eligible NCPs by sending an invitational mailing on WtW grantee letterhead, alleviating NCP reluctance to respond to mailings coming directly from the IV-D entity on State or local government letterhead.
6. WtW and IV-D entities may work with District Attorneys, the court system, One-Stop

¹Throughout this section, child support enforcement entities at the State and local levels will be referred to as "IV-D," the title and part of the Social Security Act which address child support enforcement provisions. The Federal office of child support within the U.S. Department of Health and Human Services will be referred to as "the Office of Child Support Enforcement," or "OCSE."

centers, and other systems which have contact with NCPs to alert those systems to the availability of WtW services for NCPs.

7. WtW entities may contract with IV-D entities to provide NCPs with recruitment and referral services to WtW programs. This may be an especially useful strategy for WtW competitive grantees who are not also PICs or WIA local boards, as the 1999 Amendments grant State IV-D agencies authority to share specified information on potentially-eligible NCPs only with PICs or WIA local boards.

8. For new and existing clientele, IV-D and WtW staff may develop protocols for cross-program referral, as appropriate.

9. WtW entities may improve their strategies for working with NCPs by collaborating with established fatherhood and NCP programs and organizations, as well as with One-Stop centers, who may have additional contact with NCPs.

10. The IV-D system may attempt to create incentives, such as the compromise of arrearages in appropriate cases (refer to HHS-ACF-CSE Policy Interpretation Question 99-03, available on the Internet at <http://www.acf.dhhs.gov/programs/cse/pol/piq-9903.htm>), to encourage NCP participation in WtW.

11. IV-D and WtW entities are encouraged to maximize the opportunities for collaboration and joint planning available through the required personal responsibility contracts, which are mandated by the 1999 Amendments for all NCPs participating in the WtW program. These contracts are an effective tool for both entities, by securing NCP agreement to participate in the WtW program, and by guaranteeing the IV-D agency that the NCP will make child support payments.

POLICY GUIDANCE:

1. Title VIII of H.R. 3424, enacted as part of the Consolidated Appropriations Act for FY 2000, contains the "Welfare to Work and Child Support Amendments of 1999" (the 1999 Amendments). The 1999 Amendments make several significant changes to the WtW grant programs administered by DOL, and have an important impact upon serving NCPs in the WtW program:

a. Before the 1999 Amendments, the WtW statute provided that NCPs who met two of three specified barriers to employment, and whose children were long-term TANF recipients, could be served under the 70% eligibility category. Under the 1999 Amendments, NCPs are eligible under the 70% eligibility category if:

(1) they are unemployed, underemployed, or having difficulty paying child

support obligations; and

(2) their minor children are eligible for, or receiving TANF benefits (with a preference for parents with children who are long-term recipients), received TANF benefits during the preceding year, or are eligible for, or receiving assistance under the Food Stamps Program, the Supplemental Security Income Program, Medicaid, or the Children's Health Insurance Program; and

(3) they enter into a personal responsibility contract under which they commit to cooperating in establishing paternity and paying child support, to participating in services to increase their employment and earnings, and to supporting their children.

The 1999 Amendments also require WtW grantees to consult with domestic violence organizations in developing these projects to serve NCPs.

b. Before the 1999 Amendments, the WtW statute provided that NCPs who had characteristics associated with long-term welfare dependency could be served under the 30% eligibility category. Under the 1999 Amendments, there is no longer a specific eligibility provision for NCPs in the 30% category, as the 1999 Amendments created a separate provision for NCPs in the 70% category.

c. Under the 1999 Amendments, State agencies responsible for enforcing child support orders (State IV-D agencies) now have the authority to share specified information on potentially-eligible NCPs for the purpose of identifying and contacting them regarding participation in the WtW program. This information can include names, addresses, telephone numbers and identifying case number information, and can only be shared with WtW grantees who are PICs and WIA local boards, the successor entities of PICs. The State must ensure that the PIC or WIA local board has procedures in place for safeguarding the privacy of this information and for ensuring that the information will be used solely for WtW recruiting purposes.

III. Tools and Resources for Improving Coordination and Program Performance

The information we provide below is a collection of existing publications and initiatives which can assist program operators in improving recruitment and referral to their programs, and in addressing programmatic challenges. We have grouped these resources according to the system which issued or initiated them.

A. Resources from the WtW System

1. Information on the WtW and Child Support Amendments of 1999 is located on the Internet at <http://wtw.doleta.gov/laws-regs/99amend-index.htm>.

2. Contact information for Regional WtW staff in DOL-ETA is located on the Internet at <http://wtw.doleta.gov/techassist/contacts.htm>.

3. Contact information for local Service Delivery Area entities administering WtW formula grant programs is located on the Internet at <http://wtw.doleta.gov/techassist/contacts.htm>.

4. Contact information for WtW competitive grantees is located on the Internet at <http://wtw.doleta.gov/competitive/default.htm>.

5. WtW policy and guidance documents are located on the Internet at <http://wtw.doleta.gov/laws-regs/default.htm>. Questions and answers pertaining to WtW program operation are located on the Internet at <http://wtw.doleta.gov/qsanda.htm>.

6. Conference reports suggested that program operators are interested in information on minimum wage and Fair Labor Standards Act (FLSA) requirements, WtW nondiscrimination protections, and other workplace laws which apply to welfare recipients. DOL's Employment Standards Administration, in conjunction with the U.S. Department of Agriculture, has published a guide, *How Workplace Laws Apply to Welfare Recipients*, which addresses these issues. The guide is available at the following Internet address: <http://www.dol.gov/dol/asp/public/w2w/welfare.htm>. Federal contact information for the FLSA, the Occupational Safety and Health Act (OSHA), Unemployment Insurance (UI), and other non-discrimination laws are also available on this website.

7. The WtW Technical Assistance Internet site is located at <http://wtw.doleta.gov/techassist/default.htm>. This site provides technical assistance tools by topic (transportation, rural issues, etc.), financial management tools and other products, and links to grantees operating issue-specific programs.

8. Reports, studies, and publications relevant to WtW and welfare reform are available on the Internet at <http://wtw.doleta.gov/documents/reportspub.htm>. Recent topics addressed in publications available on the site include employer recruitment, job creation, and Federal housing employment and training services.

9. Information on WIA and the One-Stop Center system is available at <http://www.usworkforce.org>.

B. Resources from the TANF System

1. Contact information for National and Regional staff in the Administration for Children and Families is located on the Internet at <http://www.acf.dhhs.gov/orgs/>.

2. Policy documents related to TANF implementation are located on the Internet at <http://www.acf.dhhs.gov/programs/ofa/policy.htm>.

3. Entities operating TANF and WtW programs are encouraged to utilize the Welfare Peer Technical Assistance Network, by phone at (301) 270-0841, and on the Internet at <http://www.calib.com/peerta>. The Peer Technical Assistance Network, funded by ACF's Office of Family Assistance, builds linkages between States, and among counties and communities working to move welfare and low-income families toward self-sufficiency. The Network provides peer-to-peer technical assistance in welfare reform, primarily to States, but also to counties, localities, and community-based organizations, and enables States to share information about promising practices and establish linkages through online exchanges and facilitated technical assistance events. The Network facilitates technical assistance in a variety of areas, including transportation, post-employment services, substance abuse, rural partnerships, and domestic violence. The Network evaluates requests for assistance according to certain criteria. If a request meets the criteria, the Network identifies States or other entities that can provide the needed guidance and facilitates peer-to-peer assistance in one of the following forums: moderated teleconferences; problem-solving workshops; and/or site visits.

C. Resources from the Child Support System

1. State IV-D-related resources and contact information is located on the OCSE web site, at <http://www.acf.dhhs.gov/programs/cse/extinf.htm#exta>.

2. OCSE has taken steps to insure that the child support community is aware of the WtW program and its potential for eligible NCPs. They also have encouraged States to participate, as appropriate, in WtW activities. These efforts usually take the form of a "Dear Colleague Letter" or "DCL," OCSE's standard communication tool to States and regions. These are comparable to the DOL-ETA Training and Employment Information Notices (TEINs). Child support entities should ensure that they are familiar with the information contained in all DCLs regarding WtW and employment services for NCPs. DCLs (and other policy documents) may be found at the following Internet address: <http://www.acf.dhhs.gov/programs/cse/poldoc.htm>. Relevant DCLs include:

a. DCL #97-20, "Work First Guide," issued 4/16/97, cited the new requirements for NCPs under Section 365 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

b. DCL #97-75, "Funding Opportunities For The Employment And Training Of Noncustodial Parents," issued 11/7/97, alerted IV-D entities to the passage of the WtW legislation, the Balanced Budget Act of 1997, and provided information on funding strategies.

c. OCSE and Office of Family Assistance (OFA) joint DCL #98-11, "Welfare-to-Work Grants," issued 2/9/98, encouraged IV-D and TANF agencies to work together to support the WtW program.

d. DCL #99-137, "Consolidated Appropriations Act for FY 2000," issued 12/14/99. This DCL alerted State agencies that PL 106-113 was signed 11/29/99 and provided a description of Section 805 of the bill, which permits the disclosure of specified information on NCPs to PICs and WIA local boards, the successor entities of PICs, for the purpose of identifying and contacting NCPs for participation in work programs.

3. To further OCSE's support of the WtW program, an OCSE/WtW Federal liaison at the National level was appointed in the spring of 1999. This liaison provides technical assistance to the IV-D system regarding WtW, and to the WtW system on ways to collaborate with the IV-D system. The liaison, Mr. Dail Moore, can be reached by telephone at (202) 401-3438, or by E-mail at dmoore@acf.dhhs.gov.

4. OCSE seeks out and promotes promising practices in State and local WtW programs and related activities, especially where child support and/or NCP issues are involved. Exemplary practices will soon be available on OCSE's web site in their National Electronic Child Support Resource System, at <http://ocse.acf.dhhs.gov/necsrspub/>.

DEPARTMENT OF SOCIAL SERVICES

744 P Street, Sacramento, CA 95814

June 2, 2000

ALL-COUNTY INFORMATION NOTICE NO. I-56-00

TO: ALL COUNTY WELFARE DIRECTORS
 ALL WELFARE-TO-WORK COORDINATORS
 ALL CalWORKs PROGRAM SPECIALISTS
 ALL FOSTER CARE INDEPENDENT LIVING
 PROGRAM COORDINATORS

SUBJECT: CHANGES TO THE U.S. DEPARTMENT OF
 LABOR (DOL) WELFARE-TO-WORK (WtW)
 GRANT PROGRAM

REFER: SENATE BILL (SB) 382 (Chapter 6, Statutes of 1998); THE BALANCED BUDGET
 ACT OF 1997, HOUSE OF REPRESENTATIVES (H.R.) 2015 (Public Law 105-33);
 H.R. 3130 (Public Law 105-200); and H.R. 3424 (Public Law 106-113); ALL COUNTY
 LETTER (ACL) 98-90 (dated November 18, 1998); ACL 99-20 (dated April 9, 1999);
 CALIFORNIA DEPARTMENT OF SOCIAL SERVICE (CDSS)/EMPLOYMENT
 DEVELOPMENT DEPARTMENT (EDD) JOINT ALL COUNTY INFORMATION
 NOTICE (ACIN) NO. I-21-00/BULLETIN NO. WB00-13, (dated March 6, 2000)

REASON FOR THIS TRANSMITTAL

- ☐ State Law Change
- ☐ Federal Law or Regulation Change
- ☐ Court Order or Settlement Agreement
- ☐ Clarification Requested by One or More Counties
- ☒ Initiated by CDSS

CDSS, in partnership with EDD, issued a Joint ACIN No. I-21-00 and Bulletin No. WB00-13 providing a brief summary of the amendments to the WtW Grant program established with the passage of H.R. 3424. This notice provides additional instructions to County Welfare Departments (CWDs) for the immediate implementation of H.R. 3424, including uses for the State WtW Grant matching funds in order that the new eligible populations may be served beginning July 1, 2000. This notice also includes the new eligibility categories and requirements (Enclosure 1), a glossary of terms that apply to the WtW Grant program (Enclosure 2), a list of the 25 Percent WtW Competitive Grants operating in California (Enclosure 3), and a list of the Governor's new 15 Percent Discretionary funded projects awarded on January 29, 2000 (Enclosure 4).

Because the DOL WtW Grant program is short-term, the first-year federal formula funds received by California must be expended by June 30, 2001. The DOL formula funds, distributed to the local Workforce Investment Areas and the State match, allocated to the CWDs, are only available for a limited period of time. Measures must be taken immediately to use these funds to provide needed services to the hardest-to-employ WtW Grant eligible populations, which has been expanded by H.R. 3424. CWDs must work with local WtW Grant operating entities to ensure mechanisms are in place to identify, enroll and serve the new populations with non-federal dollars by July 1, 2000. The non-federal funds include the State match but may also include other resources provided through Local Workforce Investment Boards (LWIBs), community- and faith-based organizations, private businesses and nonprofit foundations.

CDSS advocates the immediate use of the State matching funds to serve the new populations established under H.R. 3424. CWDs are strongly encouraged to work in tandem with the WtW Grant operating entities to begin serving these individuals on July 1, 2000 using the State match until the WtW formula funds can be expended on the new eligibles beginning October 1, 2000.

Agreements between CWDs and WtW Grant operating entities are supported by CDSS and EDD. Further instructions on the implementation of the H.R. 3424 amendments will be provided after the DOL WtW Grant Final Rule is published.

Background:

As you know, on November 29, 1999, the "Department of Labor, Health and Human Services, and Education and Related Agencies Appropriations Act of 2000" (Act) was signed into law. The Act contains the "Welfare-to-Work and Child Support Amendments of 1999," which provide, among other provisions, relief to the program eligibility criteria that will make it easier to successfully implement the DOL WtW Grant program in California. The most significant change is the removal of the "barriers to employment" requirement. Previously, under the 70 Percent provision, long-term welfare recipients and non-custodial parents (NCPs) were required to not only meet the eligibility criteria, but also to have at least two of three "barriers to employment" to participate in the WtW Grant program. The Act includes other important changes, such as expanding eligibility to young adults between the ages of 18 and 25 who were in foster care at anytime during their life, current welfare recipients with significant barriers to self-sufficiency, the working poor and NCPs whose minor children are eligible for, but not receiving California Work Opportunity and Responsibility to Kids (CalWORKs) or Temporary Assistance for Needy Families (TANF) assistance.

25 Percent WtW Competitive Projects:

As soon as administratively possible, the new eligibility requirements should be used to determine program eligibility and to refer CalWORKs recipients, NCPs, and foster youth to the DOL 25 Percent WtW Competitive Grant projects. The 25 Percent grantees may also immediately provide six months of educational and vocational training as a separate allowable activity to current and new eligible participants, whether employed or not. Under current law, educational and vocational training cannot be provided to WtW Grant participants until they are participating in an employment activity such as work experience, on-the-job training, community service or job creation through public or private sector employment wage subsidies. This change will allow all WtW Grant partners to provide six months of vocational education or job training before requiring participants to engage in an employment activity to receive services.

Non-federal and State Matching Dollars:

As of December 1999, only \$4.4 million of the \$35 million allocated State match has been expended by CWDs, which puts the State \$23.5 million behind in meeting its obligations to match the \$55.6 million already spent of the WtW Grant formula funds. To correct this deficit, CWDs are advised to work with local WtW Grant partners to ensure these funds are used immediately to serve the hardest-to-employ. By June 29, 2001, a little over \$95 million of State match must be fully expended to meet the matching requirements for the first year DOL WtW Grant awarded to California. An additional \$88.6 million must be expended by July 15, 2002. For Budget Year 2000/001, \$60 million has been proposed as State match to fulfill the first year requirement. If the State match expenditure requirements are not met, California will be subject to payment of unmatched federal funds to DOL.

In developing innovative strategies, it is important to remember the WtW Grant formula funds provided to LWIBs and 15 Percent grantees are not available to serve the new eligible populations established with H.R. 3424 until October 1, 2000. Until then, we strongly encourage CWDs to develop innovative ways to share the matching funds with local WtW Grant operating entities so

they can also begin serving the new populations on July 1, 2000. These funds may also be used to contract with service providers, furnish transportation or child care services, establish protocols for sharing confidential information, develop linkages with local agencies, job creation, etc. CWDs are encouraged to develop and share strategies with their WtW Grant partners.

WtW Grant Formula Funded Projects:

Through September 30, 2000, CWDs must continue to use the current eligibility criteria defined in ACLs 98-90 and 99-20 when referring welfare recipients to the 85 Percent WtW Grant funded projects administered by LWIBs and the Governor's 15 Percent WtW subgrantees unless they have developed ways to utilize the State matching or other non-federal funds available to provide services to the new eligible populations.

EDD Directive No. WD00-1:

EDD has distributed Directive No. WD00-1, titled: "WtW Grant Program Eligibility" to Service Delivery Areas, PICs and County Welfare Directors. The Directive defines the WtW Grant eligibility and allowable activity requirements based on current law. Because the current statute continues to apply to the 85 Percent WtW Grant program projects administered by PICs and the 15 Percent subgrantees until October 1, 2000, CWDs will benefit from reviewing this document. CWDs may access the Directive on the Internet at <http://www.edd.ca.gov/wtowdir.htm>.

CDSS and EDD are expected to sponsor five regional training forums over the next couple of months. These forums will provide specific information regarding the changes to the program under H.R. 3424, as well as opportunities to ask questions and share best practices. Invitees will include LWIBs, CWDs, 15 Percent grantees, 25 Percent grantees, DOL, U.S. Department of Health and Human Services, IV-D agencies, and Foster Care Independent Living Program Coordinators. Locations, times and agendas will be forthcoming under separate cover.

If you have any questions regarding this notice, please contact Pat Loader, WtW Grant Policy Analyst, Employment Bureau, at (916) 654-1770.

Sincerely,

WtW GRANT ELIGIBILITY REQUIREMENTS AND ALLOWABLE ACTIVITIES BASED ON

H.R. 3424

(Public Law 106-113)

This document is to be used as a reference tool for implementing the changes to the WtW Grant program established with the passage of H.R. 3424. Amendments are provided in "*bold italics*" to help users identify quickly the new requirements, which means eligibility requirements and allowable activities that are not in italics have not been changed and continue to be in effect. Even though the California Work Opportunity and Responsibility to Kids (CalWORKs) is the Temporary Assistance for Needy Families (TANF) program in California, when references are made to TANF, it would be for situations where non-custodial parents' (NCP) minor children are receiving TANF in another state.

H.R. 3424 IMPLEMENTATION DATES:

- The 25 Percent WtW Competitive Grants may implement the new allowable activities and the sharing of information effective November 29, 1999.
- Effective January 1, 2000, the new eligibility provisions were implemented by the 25 Percent WtW Competitive Grants. County Welfare Departments (CWDs) must use these new criteria when referring welfare recipients to the 25 Percent WtW Competitive Grant projects in California.
- Effective July 1, 2000, the new eligibility and allowable activities are to be implemented using only non-federal funds.
- Effective October 1, 2000, the new eligibility and allowable activity provisions are to be implemented by the formula funded projects, which are the 85 Percent WtW Grants administered by local Workforce Investment Boards (LWIBs) and the Governor's 15 Percent WtW Discretionary subgrantees.

70 PERCENT PROVISION

As amended, the "barriers to employment" are no longer an eligibility requirement for long-term welfare recipients and NCPs. In addition, before H.R. 3424 was signed into law, NCP eligibility requirements were under both the 70 and the 30 percent provisions. As amended, the NCP eligibility category is now only under the 70 percent provision.

GENERAL ELIGIBILITY REQUIREMENTS ARE:

1. CURRENT ADULT RECIPIENTS OF CalWORKs:

- (a) Who have received assistance for at least 30 months or more (consecutive or not),
or
- (b) Who will become ineligible for CalWORKs assistance within 12 months due to the federal 60-month lifetime limit on aid. This includes welfare recipients who have been exempted or received a waiver from participating in the CalWORKs welfare-to-work program by the CWD, but who would have faced ineligibility within 12 months without the exemption or waiver. [ACIN 1-70-99, p. 6, MPP 42-710]
or

- (c) Whose minor child is within 12 months of being ineligible for CalWORKs assistance because of turning 18 years of age (refer to DOL Q&A at: <http://wtwdoleta.gov>).

2. NON-CUSTODIAL PARENTS who are:

- (a) *Unemployed, underemployment or having difficulty paying child support obligations, AND*

- (b) Their minor children:

- 1) Have received aid for 30 months or more; or
- 2) Are within 12 months of turning 18 years of age and becoming ineligible to receive CalWORKs assistance; or
 - The custodial parents of NCPs' minor children:
 - (i) Have received aid for 30 months or more; or
 - (ii) Are within 12 months of reaching their federal lifetime limit on aid; or
- 3) *Are eligible for, or receiving, TANF or CalWORKs cash assistance; or*
- 4) *Have received TANF or CalWORKs cash assistance during the preceding year but are no longer receiving assistance; or*
- 5) *Are eligible for, or receiving, assistance under the Food Stamp program, the Supplemental Security Income program, Medicaid or the Children's Health Insurance Program, AND*

- (c) *Upon enrollment in the WtW Grant program, must enter into a written or oral personal responsibility agreement with the WtW Grant operating entity or CWD and the Child Support Agency (IV-D); and*

- 1) *The agreement must take into consideration the employment and child support status of the NCP and must be entered into not later than 30 (or, at the option of the CWD or operating entity, no later than 90) days after the NCP is enrolled in the WtW Grant program; and*
- 2) *At a minimum, the agreement must include the following:*
 - *A commitment to cooperate in the establishment of paternity of the minor child, through voluntary acknowledgement or other procedures, and in the establishment of a child support order;*
 - *A commitment to cooperate in the payment of child support for his/her minor child, which may include a modification of an existing support order to take into account the ability of the NCP to pay child support and participation of the NCP in the WtW Grant program;*
 - *A commitment to participate in employment or related activities that will enable him/her to make regular child support payments, and if the NCP has not attained 20 years of age, such related activities may:*
 - (i) *Include completion of high school,*

- (ii) *A general equivalency degree, or*
- (iii) *Other education directly related to employment; and*
- *A description of the services to be provided by the WtW Grant program; and*
- *A commitment to participate in services that are designated to assist the NCP obtain and retain employment, increase earnings, and enhance the financial and emotional contributions to the well-being of his/her minor child.*
- *As amended, the law requires before NCP information can be released by the Child Support Agency and CWDs, the safety of the custodial parent and the NCP's child(ren) be taken into account.*

NOTE: *As amended, the WtW Grant statute:*

- (a) *Directs Child Support Agencies (IV-D) to disclose to LWIBs the names, addresses, telephone numbers, and identifying CalWORKs case number information of NCPs residing in the Local Workforce Investment Area (LWIA) of a LWIB for the purpose of identifying and contacting NCPs for participation in the WtW Grant program.*
 - (b) *Mandates that, in order to protect custodial parents and children who may be at risk of domestic violence, this requirement will not be construed to affect any other provisions of law requiring a custodial parent to cooperate in establishing the paternity of a child or establishing or enforcing a support order with respect to a child, or entitling a custodial parent to refuse, for good cause, to provide such cooperation as a condition of assistance or benefit under any program.*
 - (c) *Requires the establishment of safeguards against the use or disclosure of information about TANF or CalWORKs applicants or recipients;*
 - 1) *The safeguards shall not prevent the CalWORKs agencies from furnishing to LWIBs addresses, telephone numbers, and identifying CalWORKs case number information of NCPs residing in the LWIA for the purpose of identifying and contacting NCPs for participation in the WtW Grant program.*
 - 2) *It further requires that the safeguards that are put in place are to ensure the information provided is used solely for that purpose.*
3. ADULTS NO LONGER RECEIVING CalWORKs ASSISTANCE

- Individuals who are no longer receiving CalWORKs or TANF cash assistance because they have reached their federal 60-month lifetime limit on aid, but would otherwise be CalWORKs/TANF eligible if they had not reached their lifetime limit on aid, are eligible to participate in the WtW Grant program.

NOTE: Previously under the 70 percent provision, individuals who were eligible based on this criterion also had to have two of the three barriers to employment to be eligible. With the passage of H.R. 3424, the barriers to employment requirement will no longer apply.

30 PERCENT PROVISION

As amended, individuals eligible under this provision are:

1. CURRENT ADULT RECIPIENTS OF CalWORKs ASSISTANCE

- Who have not received assistance for 30 months or more BUT have:
 - (a) Characteristics associated with, or predictive of, long-term welfare dependence; attributes such as dropped out of school, teenage pregnancy, or having a poor work history. In addition to characteristics listed above, WtW Grant partners may designate other attributes associated with, or predictive of, long-term welfare dependence; or
 - (b) Significant barriers to self-sufficiency. (For example, barriers such as, but not limited to, domestic violence, homelessness, mental illness, learning disabilities, legal issues, dental problems.)

2. FOSTER CARE

Young adults who:

- (a) Have attained 18 but not 25 years of age; and*
- (b) Were in foster care at anytime during their life.*

(NOTE: These individuals are not required to have children, be recipients of assistance or have any other connection to public assistance other than having received foster care as a child.)

3. LOW-INCOME CUSTODIAL PARENTS

- *Who have incomes below 100 percent of the poverty line (as defined in section 673(2) of the Omnibus Budget Reconciliation Act of 1981), including any revision required by such section, applicable to a family of the size involved.*

NOTE: Individuals eligible under this criterion do not need to have any connection to CalWORKs program.

4. ADULTS NO LONGER RECEIVING CalWORKs ASSISTANCE

- Individuals who are no longer receiving CalWORKs or TANF cash assistance because they have reached their federal 60-month lifetime limit on aid, but would otherwise be CalWORKs/TANF eligible if they had not reached their lifetime limit on aid, are eligible to participate in the WtW Grant program, and have characteristics associated with or predictive of long term welfare dependence.

WtW GRANT ALLOWABLE ACTIVITIES:

Activities allowed under the WtW Grant program are:

1. Job readiness activities.
2. *Six (6) months of pre-employment vocational education or job training.*

3. Employment activities:
 - (a) Community service (paid);
 - (b) Work experience (paid);
 - (c) Jobs created through public or private sector employment wage subsidies; and
 - (d) On-the-job training (paid).
4. Job placement services.
5. Post-employment services continue to include, but are not limited to, the following:
 - (a) Basic educational skills training;
 - (b) Occupational skills training;
 - (c) English-as-a-second language; and
 - (d) Mentoring.
6. Job retention and supportive services after an individual is placed in a job readiness activity, pre-employment vocational education or job training, employment activity. Such services include, but are not limited to:
 - (a) Transportation services;
 - (b) Substance abuse treatment;
 - (c) Child care assistance;
 - (d) Emergency or short-term housing assistance;
 - (e) Other supportive services.
7. Individual Development Accounts (IDAs).

NOTE: Job placement, job readiness, and post-employment services must be provided through contacts or vouchers if the operating entity is a LWIB. However, as amended by H.R. 3424, these services may be provided directly if the operating entity is not a LWIB, such as CWDs, nonprofit organizations or other private or public providers.

U.S. DEPARTMENT OF LABOR (DOL)
WELFARE-TO-WORK (WtW) GRANT PROGRAM
GLOSSARY OF TERMS

This document is to be used as a guide for interpreting terms used in the DOL WtW Grant program and how those terms apply to the CalWORKs program. This guide is to be used for determining eligibility and referring eligible participants to the WtW Grant program. Additional interpretations will be provided after the DOL WtW Grant Final Rule is published. References to the Temporary Assistance for Needy Families (TANF) program is for those situations when custodial parents or minor children are recipients of assistance in other state TANF programs, especially for determining eligibility for non-custodial parents (NCPs). *NOTE: words underscored within this document are for emphasis only.*

Assistance--60-Month Lifetime Limit On Aid--As provided in 45 CFR Part 260.32, dated April 12, 1999, no services or benefits funded by the WtW Grant program are considered cash assistance and do not count toward the federal 60 month lifetime limit on aid. Only cash payments, checks, reimbursements, electronic funds transfers, or any other form of payment that can legally be converted to currency and are designed to meet the ongoing basic needs of a family count toward a WtW Grant participant's Temporary Assistance for Needy Families (TANF) 60-month lifetime limit. Ongoing basic needs are defined as food, clothing, shelter, utilities, household goods, personal care items and general incidental expenses.

EXCLUDED WtW Grant benefits and services are:

1. Nonrecurring, short-term benefits that:
 - (a) are designed to deal with a specific crisis situation or episode of need;
 - (b) are not intended to meet recurrent or ongoing needs; and
 - (c) will not extend beyond four months.
2. Work subsidies (i.e., payments to employers or third parties to help cover the costs of employee wages, benefits, supervision and training);
3. Supportive services, such as child care and transportation provided to families who are employed or not employed (under CalWORKs, child care and transportation services provided to recipients who are not employed, count toward the TANF 60-month lifetime limit on aid. However, under the WtW Grant program, it does not);
4. Refunded earned income tax credits;
5. Contributions to, and distributions from, Individual Development Accounts;
6. Services such as counseling, case management, peer support, child care information and referral, transitional services, job retention, job advancement, and other employment-related services that do not provide basic income support; and
7. Transportation benefits provided under a Job Access or Reverse Commute project, pursuant to Section 404(k) of the Personal Responsibility and Work Opportunity Reconciliation Act, to an individual who is not otherwise receiving assistance.

Applicants (CalWORKs applicants) mean individuals who are applying for CalWORKs assistance. Applicants are not current CalWORKs recipients. When eligibility is being determined based on the current receipt of assistance, an applicant would not qualify as a current recipient.

Applicant Self-attestation is a document used by WtW Grant operating entities to establish eligibility when the operating entity is unable to obtain verification of receipt of aid status from the CWD or another state.

NOTE: In cases where it is difficult to determine eligibility or there is a delay in obtaining the needed information to certify eligibility, CWDs and Private Industry Councils/Local Workforce Investment Boards (LWIBs) may enter into some form of agreement or have an understanding that an operating entity may use self-attestation from the individual. However, if a CWD determines after such self-attestation has been accepted by the LWIB that the individual is not eligible based on current receipt and/or length of receipt of CalWORKs/TANF assistance, the WtW Grant operating entity will be responsible for the expenditure of funds in serving the individual and such expenditures may be considered disallowed as costs by DOL.

Barriers to Employment are (1) poor work history, (2) no high school diploma or its equivalent and low skills in reading and math at or below 8.9 grade level, and (3) substance abuse that prevents an individual from obtaining and retaining employment. (Refer to ACL 98-90, page 8, Attachment II, for the definition for "poor work history" under the 70 percent category under current law.)

NOTE: Effective July 1, 2000, long-term welfare recipients and non-custodial parents will no longer be required to have two of these specific barriers to employment to be eligible to participate in the WtW Grant program. H.R. 3424 removed this requirement.

Characteristics Associated With (or predictive of) Long-term Welfare Dependence means attributes such as dropped out of school, had a child as a teenager, or has a poor work history. CWDs and local WtW Grant operating entities may designate other qualifications associated with long-term welfare dependence, as well as define what "poor work history" means under the 30 percent provision. The additional characteristics and the definition of "poor work history" should be developed collaboratively between the WtW Grant and CalWORKs partners and be included in local plans.

Child as a Teenager means an adult who had a child while he/she was a minor.

Current Recipients of Assistance (for the purpose of determining eligibility for the WtW Grant program) means custodial parents who are currently receiving CalWORKs or TANF cash assistance or who are not longer receiving CalWORKs cash assistance but are receiving CalWORKs transitional supportive services at the time of the individual's enrollment in the WtW Grant program.

Custodial Parent means the person or party who has primary physical custody of a child(ren) as defined in the California Family Code Section 3800. For the WtW Grant program, this means biological, adoptive, caretaker relative, guardian or any other person responsible for the primary care of a minor child.

Community Service, under the WtW Grant program, means a paid work experience activity. Income received by a welfare recipient in a WtW Grant community service activity is counted as regular income for the purpose of determining the family's CalWORKs cash grant.

NOTE: Current State statute requires that nonexempt CalWORKs cash assistance recipients participate in the CalWORKs welfare-to-work program. State statute also requires that, once nonexempt recipients reach their 18- or 24-month time limit, they must participate in unsubsidized employment, community service, or a combination of the two activities to meet their work participation requirements. The only paid community service activity permissible under existing State law for CalWORKs is grant-based on-the-job training, a CalWORKs welfare-to-work activity in which a participant receives a paycheck from an employer, but all or a portion of the participant's cash assistance is diverted to the employer as a wage subsidy.

Given the above, the paid work experience, community service and paid on-the-job training employment activities provided under the WtW Grant program are not allowable activities for CalWORKs recipients who reach their 18- or 24-month time limit, but these recipients may elect to accept WtW Grant program subsidized employment positions. However, because participation in the WtW Grant activities currently cannot be counted toward meeting a recipient's CalWORKs work requirements, in order to remain eligible for CalWORKs, the recipient will be required to participate in activities that will meet the CalWORKs requirements, as well as the WtW Grant program activities.

Operating entities and CWDs must work together for the successful transition of CalWORKs recipients from welfare to unsubsidized employment. It is the responsibility of the local partners to inform recipients of the program choices available through CalWORKs, WtW Grant and other related programs. The local partners must ensure that recipients are aware of the advantages, disadvantages and consequences of participating in one program over another or choosing a mix of programs and services that will provide the best overall benefit and preparation for self-sufficiency and economic independence.

Documentation means the information that is retained as a record in a WtW Grant participant's files or work plan that verifies WtW Grant eligibility and the receipt of CalWORKs assistance (if applicable), as well as educational level, work history, and personal characteristics. Up-to-date documentation must be maintained. Such documents may be filed in the recipient's CWD case records, CalWORKs welfare-to-work plan or the WtW Grant operating entity's files or work plan.

NOTE: *Federal law requires a sub-state review of documents and participant case records pertinent to the eligibility determination of individual participants. Participant records will be examined to ensure that the information necessary for making an eligibility determination is collected, documented and verified, and that all participants meet the eligibility criteria.*

Dropped Out of School means a person who left school before earning or receiving a high school diploma or its equivalent, such as a General Equivalency Degree (GED).

Drug-Related Convictions means a person who has been convicted of a felony and which has as an element the possession, use or distribution of a controlled substance. A non-custodial parent who has been convicted of a drug-related felony, and is otherwise WtW Grant eligible, may be provided employment and training services, including the post-employment and supportive services, funded by the WtW Grant program.

NOTE: *Section 115 of the Social Security Act, Denial of Assistance for Certain Drug-Related Convictions, provides that nothing in Section 115 shall be construed to deny an individual convicted of any offense, which is classified as a felony and which has as an element of the possession, use or distribution of a controlled substance, the benefit of federally funded job training.*

Eligibility Determination means when a CWD certifies or verifies WtW Grant eligibility and provides that information to the WtW Grant operating entity for the enrollment of an individual in the WtW Grant program. All information used to determine eligibility must be maintained in the CWD files.

Enrolled means individuals who are eligible to participate in the WtW Grant program who have completed and signed documentation with the WtW Grant operating entity allowing them to participate in scheduled WtW Grant activities. An individual must be enrolled before he/she is a WtW Grant participant. For CWDs who are providing WtW Grant services directly, the established CalWORKs welfare-to-work plan could be used for the purpose of enrollment in the WtW Grant program.

Foster Care (see WtW Grant Eligible Foster Children).

Having Difficulty Paying Child Support Obligations, pending publication of the DOL WtW Grant Final Rule, CWDs and WtW Grant operating entities can define "having difficulty paying child support obligations" based on an individual's circumstances, for example any situation that may impair an individual's ability to meet his/her child support obligation.

Lifetime Limit on Aid, for the purpose of WtW Grant program, means the federal TANF 60-month lifetime limit on aid.

Local WtW Grant Partners means CWDs, LWIBs, and any other organization or agencies working to serve the hardest-to-employ populations with the WtW Grant and other related programs.

Non-Custodial Parents (NCPs) are the biological or adoptive mother or father who are absent from their children's household due to divorce, separation, desertion, or any other reason, except absence occasioned solely by reason of the performance of active duty in the uniformed services of the United States.

Operating Entity (see WtW Grant Operating Entities).

Participants (WtW Grant Participants) are WtW Grant eligible individuals who are enrolled in the WtW Grant program and attending WtW Grant allowable activities.

Penalty (CalWORKs) occurs when, due to noncompliance with CalWORKs program requirements, a family grant is reduced or a recipient's needs are not considered in computing the family grant, e.g., when a parent fails to provide documentation that his/her children are immunized or attending school regularly. If a recipient is subject to a CalWORKs penalty at the time of WtW Grant eligibility determination and enrollment, he/she continues to be eligible to participate in the WtW Grant program as long as he/she is otherwise eligible.

Re-determination of Eligibility--Once an individual is determined WtW Grant eligible and enrolled in the WtW Grant program, the operating entity is not required to re-determine WtW Grant eligibility.

NOTE: This provision also applies when a welfare recipient currently enrolled under the 30 percent provision later becomes eligible under the General Eligibility Requirements (70 percent provision). At the time the participant becomes eligible under the General Requirements, a complete re-determination of eligibility is not necessary.

Sanctions occur when a CalWORKs recipient is taken out of the assistance unit for failure, without good cause, to comply with the CalWORKs work requirements.

NOTE: If a recipient is financially sanctioned at the time of WtW eligibility determination, and eligibility is based on the individual being a "current recipient" of assistance, the sanctioned recipient may not be eligible to participate in the WtW Grant program. However, there are situations where this will not be true. For example, if the sanctioned recipient is also a NCP, and meets the NCP WtW Grant eligibility requirements, the sanctioned recipient could be eligible based on the NCP requirements. Another example is when the sanctioned recipient is a custodial parent with income below 100 percent of the poverty level. The sanctioned recipient could be eligible under the 30 percent provision for "low-income custodial parents."

Separate State Program for Two-Parent Families is a State welfare program for two-parent families eligible to receive CalWORKs assistance. Even though this program is not funded by TANF dollars,

recipients continue to be eligible to participate in the WtW Grant program as long as they are otherwise WtW Grant eligible.

Significant Barriers to Self-Sufficiency are to be defined by the WtW Grant operating entities in collaboration with CWDs. Examples of such barriers are: learning disabilities, domestic abuse, mental illness, homelessness, and legal problems.

Teenage Pregnancy, as it applies to characteristics of long-term welfare dependence under the 30 percent provision, means an adult who had a child as a teenager.

Thirty-Months On Aid means the time individuals received CalWORKs or TANF cash assistance as an adult in their own assistance unit. In one eligibility category under the 70 percent provision, a current welfare recipient, or minor child of a NCPs, must have received cash assistance for 30 months or more (consecutive or not).

NOTE: The period of time a teen parent receives assistance as a member of his/her parent's assistance unit does not count toward the teen's 30 months on aid until the day the teen's child is born (see to DOL Q&A at: <http://wtwdoleta.gov>). For a minor child of a non-custodial parent, anytime the minor child has received CalWORKs or TANF assistance does count toward the 30 months on aid for the minor child for determining eligibility for a NCP.

Underemployed, pending publication of the DOL WtW Grant Final Rule, CWDs and WtW Grant operating entities may define situations that can be interpreted as "underemployed" based on the needs of an individual. Some examples include: individuals who are employed in a permanent full-time job but who do not make enough money to support themselves and meet their child support order; in a job with no opportunity for promotion; in a limited-term or on-call position; not employed for more than three months with the same employer. These are just some examples of underemployment.

Unemployed, pending publication of the DOL WtW Grant Final Rule, means individuals who are without a job and who want and are available for work. The determination of whether an individual is without a job shall be made in accordance with the criteria used by the Bureau of Labor Statistics of the Department of Labor in defining individuals as unemployed.

Work Experience is a paid allowable employment activity under the WtW Grant program. The work experience income received by a CalWORKs recipient in a WtW Grant activity is counted as income for the purpose of determining the family's cash assistance.

WtW Grant Eligible Foster Children, under the WtW Grant program, means a young adult who has attained 18 but not 25 years of age and who, before attaining 18 years of age, was a recipient of foster care maintenance payments or was in foster care under the responsibility of a state. Foster care is defined as a program that provides living expenses and support for a minor child who is unable to live with his/her parents and receives foster care maintenance payments. This means that if at any time within a child's lifetime he/she received foster care, the young adult who is at least 18 and but not yet 25 years of age is eligible to participate in the WtW Grant program.

WtW Grant Operating Entities are local agencies that are responsible for the implementation, operation and administration of the federal WtW Grant funds. This includes the LWIBs, the Governor's 15 Percent Discretionary subgrantees, or the 25 Percent WtW Competitive Grant projects.

WtW Grant Partners are CWDs, LWIBs, 15 percent and 25 percent grantees, as well as any other organization or agency partnering in serving the hardest-to-employ populations.

RECOMMENDED STRATEGIES FOR WORKING WITH NON-CUSTODIAL PARENTS
(NCPs)

- ☛ Partner with community- and faith-based organizations that have the trust of NCPs in outreach efforts.
- ☛ Have NCPs participate in recruitment efforts and function as mentors in service programs.
- ☛ Package NCP services and promote theWtW Grant program as a way of helping NCPs help themselves and their children.
- ☛ Offer orientation to NCPs and alleged fathers.
- ☛ Provide incentives while NCPs participate in services aimed at positioning them to be able to comply with their court orders for child support, such as modifying current monthly child support or arrears payment schedules, or limiting use of stringent enforcement remedies while NCPs participate in the program.
- ☛ Re-calculate the arrears amount to assure accuracy.
- ☛ Work with incarcerated NCPs, making orders as appropriate and providing services to help them be in a position to support themselves and their children on their release. Make child support compliance or participation in services a condition of parole. Work with parole and probation officers.
- ☛ Work with fathers at the hospital when a child is born by providing information about available services. Follow up by sending a fatherhood packet in the mail. Focus on young fathers.
- ☛ Reduce child support caseloads for workers assisting low-income NCPs to enable workers to provide a higher level of customer service to NCPs in these special programs.
- ☛ Simplify communication with customers; speak to them in non-threatening language.
- ☛ Refer customers to classes on parenting, anger management and money management.
- ☛ Partner with community agencies and organizations to plan Father's Day events. Advertise events in the community.
- ☛ Coordinate with Child Protective Services in foster care reunification cases.
- ☛ Maintain contact with the custodial parent.
- ☛ Identify domestic violence issues and make appropriate referrals.
